Nor shall any part of this document form the basis of, or be relied on in connection with, any contract or investment decision in relation to any securities or otherwise.

Except where otherwise indicated, the information speaks as of the date hereof. No representation or warranty, express or implied, is made as to, and no reliance should be placed on, the fairness, accuracy, completeness or correctness of the information or any opinion contained herein. Neither DLGI nor any of its affiliates has independently verified the information or any underlying reports contained in this presentation that are attributed to third parties. While DLGI believes that such third-party information has been prepared by reputable sources, there is no guarantee of the accuracy or completeness of such data. The information contained in this presentation should be considered in the context of the circumstances prevailing at the time and will not be updated to reflect material developments that may occur after the date of the presentation. None of DLGI, AP WIP Investments, LLC ("APW"), or any of their respective affiliates, officers, directors or advisors shall have any civil, criminal or administrative liability whatsoever (willful, in negligence or otherwise) for any loss arising from any use of this presentation or its contents, including any inaccuracy or incompleteness thereof, or otherwise arising in connection with this presentation.

Non-GAAP Financial Measures

This presentation includes certain additional key performance indicators that are non-GAAP financial measures, including, but not limited to, Adjusted EBITDA, Acquisition Capex, Annualized In-Place Rent, and 1H 2020 financials. Each of DLGI and APW believe these non-GAAP financial measures provide an important alternative measure with which to monitor and evaluate DLGI's ongoing financial results, as well as to reflect its acquisitions. The calculation of these financial measures may be different from the calculations used by other companies and comparability may therefore be limited. You should not consider these non-GAAP financial measures an alternative or substitute for APW's results.

Forward-looking Statements

This presentation contains certain statements that constitute forward-looking statements within the meaning of the "safe harbor" provisions of the United States Private Securities Litigation Reform Act of 1995. Forward-looking statements may be identified by the use of words such as "anticipate", "believe", "expect", "estimate", "plan", "outlook", and "project" and other similar expressions that predict or indicate future events or trends or that are not statements of historical matters. Similarly, statements that describe DLGI's expectations, intentions and projections regarding the combined company's future performance, anticipated events or trends or other matters that are not historical facts are forward-looking statements, including expectations regarding: (i) the ability of DLGI to effect the U.S. exchange listing following its London Stock Exchange re-listing; (ii) the company's future operating and financial performance, (iii) the ability to drive shareholder value and achieve target levels of organic growth and long-term leverage ratios, and (iv) the expected pro forma capitalization table. All such forward-looking statements are subject to certain risks and uncertainties that could cause actual results to differ materially from those contemplated by the relevant forward-looking statement. There can be no assurance that the results and events contemplated by the forward-looking statements contained herein will in fact occur. None of the future projections, expectations, estimates or prospects in this presentation should be taken as forecasts or promises nor should they be taken as implying any indication, assurance or guarantee that the assumptions on which such future projections, expectations, estimates or prospects have been prepared are correct or exhaustive or, in the case of assumptions, fully stated in the presentation. DLGI also cautions that forward-looking statements are subject to numerous assumptions, risks and uncertainties, which change over time and which may be beyond DLGI's control. DLGI assumes no duty to and does not undertake to update any forward-looking statements to reflect actual results, changes in assumptions or changes in factors affecting these statements. No statement in this presentation constitutes or should be construed as constituting a profit forecast or estimate.

U.S. Listing and Domestication

DLGI has filed a registration statement (including a prospectus) with the Securities and Exchange Commission ("SEC") in connection with its plans to list on a U.S. exchange and domesticate to Delaware. In connection with the U.S. listing and the domestication, you should read the prospectus in that registration statement and other documents DLGI has filed with the SEC for more complete information about DLGI, the U.S. listing and the domestication. You may get these documents for free by visiting EDGAR on the SEC website at www.sec.gov. Upon domestication, the company name will change to Radius Global Infrastructure, Inc.

Basis of Presentation

On February 10, 2020, DLGI closed its acquisition of APW (the "APW Acquisition"). The APW Acquisition was accounted for using the acquisition method of accounting, with DLGI treated as the accounting acquirer. Accordingly, reported consolidated financial information of DLGI for periods prior to the closing of the APW Acquisition reflect only the historical results and financial position of DLGI and financial results for subsequent periods give effect to the APW Acquisition. To facilitate an understanding of the combined business, this presentation includes "Combined Radius" information, which is not in accordance with GAAP. The Combined Radius information was calculated by adding the information for the period prior to closing of the APW Acquisition, from January 1, 2020 to February 9, 2020 with the information for the period following the closing of the APW Acquisition, from February 10, 2020 to June 30, 2020. No further adjustments were made in the presentation of this figure.

Introduction

Holding Company to be Listed on
NASDAQ as “**RADI**”

- Radius’ subsidiary **APW** owns a multinational origination platform that acquires ground, rooftop and other types of real property underlying cell sites and other critical telecom operations from a highly fragmented set of landlords, where rents are paid directly by mobile network operators (“MNOs”) and tower companies

Expansion into Other Digital Infrastructure Segments

- Robust pipeline of acquisitions, investments and build-to-suit opportunities
- Agile across US and international opportunities
- Focus on long-term, tax-efficient value creation

radius Team & Company: Decades Investing in Telecom

10 Years Investing in Digital Infrastructure

- 1 **2010** **AP Wireless** ("APW") begins to invest in real property interests and attached rents underlying wireless cell tower sites in the US
- 2 **2013** **KKR** invests in **APW**
- 3 **2010 to June 2020** Deployment of ~\$881 million to acquire ~6,900 ground and rooftop rents, site-by-site, across 19 countries with ~40 MNOs as tenants
- 4 **2020** **Landscape Acquisition Holdings Ltd.** acquires **APW** from **Associated Partners, LP** and is temporarily renamed **Digital Landscape Group, Inc.** ("DLGI")
 - As part of this transaction, **Centerbridge Partners** invests \$100 million in Class A common shares at \$10 per share

Post Close of Landscape Transaction

- 1 **Digital Landscape Group, Inc.** to be relisted from London Stock Exchange to NASDAQ as **Radius Global Infrastructure, Inc.** (ticker symbol **RADI**)
- 2 **APW** business has executed on growth in the existing portfolio -> platform now has \$64 million in annualized in-place rent
- 3 **radius** has continued to pursue its pipeline of inorganic growth opportunities
- 4 **APW** has continued to drive advantaged, low cost leverage – recently borrowed an additional ~\$150 million from existing lender base of international insurance companies at a blended cost of <4% in August 2020

radius Investment Thesis

1 PORTFOLIO OF HIGH-QUALITY WIRELESS GROUND LEASES AT APW SUBSIDIARY

- APW's triple net ground, rooftop and other real property interests ("ground rents") enjoy contractual rent growth, long duration, and low churn with high-quality counterparties
- Proactive property management drives incremental revenue (e.g. lease renewals, co-tenancy for rooftops, and additional land leased for expansion)
- Portfolio is attractively levered; able to drive leverage of 8-9x rent with a weighted-average cost of <4% on most recent tranche

2 COMPELLING ORGANIC GROWTH AND ECONOMICS AT APW SUBSIDIARY

- Continuously acquiring properties one by one
- Additional growth through expansion to new countries and acquiring assets with similar risk profiles
- Long track record of acquiring rents at attractive unlevered yields where rents have grown annually at 25%+⁽¹⁾
 - 9.6% unlevered yield⁽²⁾
 - 7.3% fully-burdened unlevered yield (inclusive of SG&A spend)⁽³⁾

3 CURRENT radius VALUATION IS HIGHLY ATTRACTIVE RELATIVE TO THE PEER SET

- Benefits from same tailwinds as tower companies, with a similar financial and growth profile
- Perpetuity growth rates for ground rents and towers expected to converge over time as tower co-tenancy opportunity matures
- Compelling valuation relative to peer group in context of risk / go-forward growth profiles

4 BROAD SET OF ORGANIC AND INORGANIC GROWTH OPPORTUNITIES AT radius

- Team is actively focused on a robust pipeline of potential digital infrastructure acquisitions, investments and build to suit opportunities relating to towers, fiber networks, data centers, and other digital infrastructure asset classes
- Currently ~\$350 million cash on the balance sheet to pursue inorganic growth with the ability to access additional capital from increased leverage⁽⁴⁾

(1) Represents annual revenue CAGR from 2014-2019. See page 10 for additional detail.

(2) Unlevered Yield is calculated as Annualized In-Place Rent divided by Acquisition Capex since inception. Ground cash flow (GAAP Gross Profit) margins are ~99%. See slide 22 for additional details.

(3) Fully-Burdened Unlevered Yield is calculated as Annualized In-Place Rent divided by Acquisition Capex + SG&A since inception. Ground cash flow (GAAP Gross Profit) margins are ~99%. See slide 22 for additional details.

APW = Origination Platform + YieldCo

Rent Origination Platform

- APW's ~300-person team continuously acquires rents at attractive yields across 19 countries (representing a potential market of over 1 million cell sites)
- Origination engine built over 10 years has driven historical revenue growth of 25%+⁽¹⁾
- Inherent arbitrage derived from attractive purchase multiples and the ability to leverage and manage risk across an aggregated portfolio of leases
- Attractive risk-adjusted returns on incremental investment (comparable to tower company peers)
- Underwriting durability of cash flows draws upon extensive experience in wireless network construction and operation, as well other key factors individual to each site location

Diversified Portfolio of Rents Generating Predictable Cash Flows

- Ground rents represent payments from a predominantly investment grade tenant base that combine:
 - i. Long-duration, inflation-linked and protected recession-resistant cash flows with minimal churn rates (+)
 - ii. Incremental growth from lease renewals and higher utilization of ground and rooftop space owned from incremental tenant lease up
- APW's objective is to annually add incremental leverage based on each year's newly originated rents resulting in a steady multiple of leverage
- Each year free cashflows are invested by the origination platform to acquire new properties

(1) Represents annual revenue CAGR from 2014-2019. Please see page 10 for detail.

APW Targets Fixed-Income Risk with Growth Company Returns

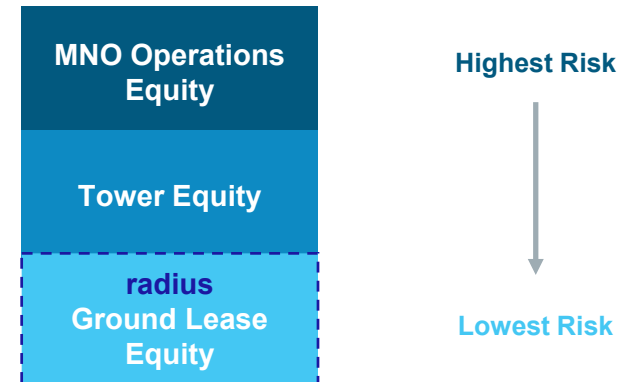

Understanding Risk

Ground leases are effectively senior to MNO and tower company debt as cell sites require ground, rooftop or an alternative structure.

Portfolio provides:

- Bond-like downside protection with
- Sizeable yield spread to sovereign inflation-linked debt + incremental return from contractual escalators, lease renewals, and additional property lease up

Targeted Returns

- 500+ basis point spread to underlying APW ground rent portfolio risk-free rate (as a weighted-average across 19 countries) for assets with limited downside risk

radius: Inorganic Growth Opportunities

Investment Objectives

- Generate attractive risk-adjusted returns by identifying, acquiring and/or investing in digital infrastructure triple net rent streams and related assets or businesses
- Apply proven, data driven, rules-based acquisition criteria
- Seek to capture benefits of increasing scale

Criteria for Expansion

- Revenue streams generated from tenants with long-term contracts
- High grade credit of tenant counterparties to limit the risk of default and subsequent disruptions to revenue
- Recession resilient revenues which have minimal correlation to the macro economy
- Access to low-cost leverage
- Watchful eye focused on tax efficiency

History

28 years of investing and operating telecom companies together across two past public companies and two partnerships. Select experience:

- **Associated Communications Corporation (NASDAQ: ACCMA/B); 1992-1995**
Sold US cellular operations to AT&T (formerly SBA) for ~\$680m
- **The Associated Group, Inc. (NASDAQ: AGRPA/B); 1995-2000** Sold cable system interests, fixed wireless CLEC, Mexican Cellular System and 911 Location System (pre-GPS) to Liberty Media / AT&T for ~\$3B
- **Liberty Associated Partners, LP + Associated Partners LP; 2001-2020**
Focused on building telecom networks and communications infrastructure including:
 - Founding investor in *Clearwire* which aggregated ~100mhz+ of spectrum in top US markets; now owned by T-Mobile
 - Acquired *Cibernet* from Wireless Trade Association (*CTIA*) and sold to *MACH*
 - Built from scratch, funded and sold PEG Bandwidth (fiber to rural towers) to Uniti, Inc. (UNIT; NASDAQ) in 2016 for \$465m; (KKR was minority investor)
 - Built from scratch, funded and sold *APW* to Landscape Acquisition Holdings Ltd. in 2019 for ~\$902m (KKR was minority investor)
 - AP Towers; in process of being monetized
